Patient Instructions Before Surgery

At EPIC Surgery Centers, safety matters. We will be asking you the same questions several times to confirm that the information provided for your surgery is correct and up to date.

| IF YOUR SURGERY IS BEFORE NOON: Nothing to eat or drink after midnight, except to take your regular morning medications with a sip of water no later than 2 hour prior to your arrival time. |
| IF YOUR SURGERY IS AFTER NOON: You may have a piece of dry toast and 8 oz total of black coffee, tea or water by 6:00 am. Take your regular am meds by 6:00 am. |
| NO DAIRY PRODUCTS, NO JUICE, NO MINTS, NO GUM, NO TOBACCO DAY OF SURGERY |

- **PREOP CALL:**
  A nurse will call you prior to your surgery to review your health information & day of surgery instructions including your arrival time.

- **MEDICATIONS:**
  If you take BLOOD THINNERS, ask your prescribing doctor for dosing instructions.
  If you take INSULIN, ask your prescribing doctor for dosing instructions. Check your blood sugar at home the day of surgery. Take all routine medications with a small sip of water no later than 2 hours prior to your scheduled arrival. Do your prescribed breathing treatments & inhalers prior to leaving your home on the day of surgery. Bring your inhalers with you to the surgery center.

- **DRIVER / RESPONSIBLE ADULT:**
  You must have a responsible adult drive you home, stay with you the first 6 hours after surgery, & be available to assist you for the first 24 hours after surgery. Your driver must stay at our facility once you are admitted unless they can be reached by cell phone to return immediately to receive & sign your discharge instructions. We suggest your driver not leave the surgery center in case the surgeon needs to talk to him/her.
  You may not leave alone or drive yourself home.
  Your surgery will be cancelled if you have not made the necessary arrangements.

- **CO-PAY / INSURANCE / PHOTO ID:**
  Your co-pay, insurance card(s) & Photo ID must be presented to the surgery center at check-in. We accept cash, Checks (no starter checks), Mastercard, VISA, Discover & American Express.

- **CLOTHING:**
  You may wear your own clothes during surgery. Please wear a comfortable button or zip up shirt that you do not have to pull over your face.

- **VALUABLES:** Leave other monies, jewelry & valuables at home.
  Hearing aid will be removed on the surgical side.

- **MAKEUP:**
  Wash your face thoroughly the evening before & the morning of your surgery.
  Remove all eye make-up the night before surgery using an eye make-up remover.
  Do NOT apply lotions, makeup or other products to your face the morning of surgery.
  Do NOT wear scented lotion, perfume or cologne to the surgery center.

We at EPIC Surgery Centers want you to have your best surgical experience with us.
We are here to help you! For questions, please do not hesitate to call us at 913-261-2020
Dear EPIC surgery patient,

Hello and welcome!. Enclosed is some information that you may want to know about. It is given to all surgery patients to help keep you informed. The forms are the same if you are having a small quick surgery or a very long complicated surgery.

Please review the packet, fill out the questions asked and bring this entire packet with you the day of surgery. A nurse will call you several days before the surgery to go over medicine that you take and your health history. On the day of surgery you will need to bring a driver’s license or other photo identification.

Packet includes:

**Pre-op Instructions – Please read ***

AS A PATIENT, YOU HAVE THE RIGHT TO:

- Considerate, respectful care at all times and under all circumstances with recognition of your personal dignity.

- Personal and informational privacy and security for self and property.

- Have a surrogate (parent, legal guardian, person with medical power of attorney) exercise the Patient Rights when you are unable to do so, without coercion, discrimination or retaliation.

- Confidentiality of records and disclosures and the right to access information contained in your clinical record. Except when required by law, you have the right to approve or refuse the release of records.

- Information concerning your diagnosis, treatment and prognosis, to the degree known.

- Participate in decisions involving your healthcare and be fully informed of and to consent or refuse to participate in any unusual, experimental or research project without compromising your access to services.

- Make decisions about medical care, including the right to accept or refuse medical or surgical treatment after being adequately informed of the benefits, risks and alternatives, without coercion, discrimination or retaliation.

- Competent, caring healthcare providers who act as your advocates and treats your pain as effectively as possible.

- Know the identity and professional status of individuals providing service and be provided with adequate education regarding self-care at home, written in language you can understand.

- Be free from unnecessary use of physical or chemical restraint and or seclusion as a means of coercion, convenience or retaliation.

- Know the reason(s) for your transfer either inside or outside the facility.

- Impartial access to treatment regardless of race, age, sex, ethnicity, religion, sexual orientation, or disability.

- Receive an itemized bill for all services within a reasonable period of time and be informed of the source of reimbursement and any limitations or constraints placed upon your care.

- File a grievance with the facility by contacting the Surgical Director, via telephone or in writing, when you feel your rights have been violated.

AS A PATIENT, YOU ARE RESPONSIBLE FOR:

• Providing, to the best of your knowledge, accurate and complete information about your present health status and past medical history and reporting any unexpected changes to the appropriate physician(s).

• Following the treatment plan recommended by the primary physician involved in your case.

• Providing an adult to transport you home after surgery and an adult to be responsible for you at home for the first 24 hours after surgery.

• Indicating whether you clearly understand a contemplated course of action, and what is expected of you, and ask questions when you need further information.

• Your actions if you refuse treatment, leave the facility against the advice of the physician, and/or do not follow the physician’s instructions relating to your care.

• Ensuring that the financial obligations of your healthcare are fulfilled as expediently as possible.

• Providing information about, and/or copies of any living will, power of attorney or other directive that you desire us to know about.
Understanding Advance Healthcare Directives

Good advance planning for health care decisions is, in reality, a continuing conversation about values, priorities, the meaning of one's life, and quality of life.

With the increasing ability of medical science to sustain our lives, people are living much longer than ever before. Unfortunately, as we grow older and experience poor health, we may find ourselves in a position where decisions need to be made as to how we wish to be treated in a variety of medical situations at the end of our lives. Further, sometimes we find ourselves in a condition where we can no longer express our preferences.

Advance health care directives allow us to deal with these situations. Without such directives, your family may find it necessary to obtain court orders to deal with your medical situation. By expressing such preferences in a written legal document, you are ensuring that your preferences are made known. Physicians prefer these documents because they provide a written expression from you as to your medical care and designate for the physician the person he or she should consult concerning unanswered medical questions. Rather than the physician having to obtain a consensus answer from your family as to your treatment, the physician knows your preferences and knows who you want to provide decisions when you cannot do so. Making your wishes known in advance prevents family members from making such choices at what is likely one of the most stressful times in their lives.

It is the policy of EPIC Surgery Centers, regardless of any advance directives or instructions from a health care surrogate or power of attorney, that an unexpected medical emergency, which occurs during treatment at this facility, will be aggressively managed with resuscitative or other stabilizing measures followed by emergency transfer to the closest emergency room. The receiving hospital will implement further treatment or withdrawal of treatment measures already begun in accordance with patient wishes, advance directive or health care power of attorney.

Acknowledgement of this policy does not revoke or invalidate any current health care directive or health care power of attorney.

Resources to help you to create an Advance Directive:

- This webpage, hosted by the U.S. Living Will Registry, provides a state-by-state list, with links to state specific websites that provide free advance directive forms.
  
  http://www.uslivingwillregistry.com/forms.shtml

- This webpage provided by the American Bar Association provides a great tool kit which contains a variety of self-help worksheets, suggestions, and resources. There are 10 tools in all, each clearly labeled and user-friendly. The tool kit does not create a formal advance directive for you. Instead, it helps you do the much harder job of discovering, clarifying, and communicating what is important to you in the face of serious illness.
